

Disclaimer

Aurora Financial Planning & Investment Management is a registered investment adviser offering financial advisory services in the State of California and South Carolina and in other jurisdictions where exempted. Registration does not imply a certain level of skill or training.

Past performance may not be indicative of future results. Therefore, no current or prospective client should assume that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by Aurora Financial Planning & Investment Management) referenced directly or indirectly in its website, or indirectly with Aurora Financial Planning & Investment Management via a link to an unaffiliated third party website, will be profitable or equal the corresponding indicated performance level(s).

Different types of investments involve varying degrees of risk, and there can be no assurance that any specific investment will be profitable for a client or prospective client's investment portfolio. Historical performance results for investment indices and/or categories generally do not reflect the deduction of transaction and/or custodial charges, the deduction of an investment management fee, nor the impact of taxes, the incurrence of which would have the effect of decreasing historical performance results of those indices.

The presence of this website on the Internet shall not be directly or indirectly interpreted as a solicitation of investment advisory services to persons of another jurisdiction unless otherwise permitted by statute. Follow-up or individualized responses to consumers in a particular state by Aurora Financial Planning & Investment Management in the rendering of personalized investment advice for compensation shall not be made without our first complying with jurisdiction requirements or pursuant an applicable state exemption.
